

Chesterfield House

highview

Client:
Chesterfield House
Management Ltd

Location:
Mayfair

Contract value:
£600k

Contract Duration:
7 Months

Sector: Residential

Summary: Principle Contractor for Concrete repairs, external decs and waterproofing

After being appointed as Principle contact Highview commenced with the works at Chesterfield house in Leigh On Sea.

These works consisted of the supply and installation of a Bauder Liquid waterproofing to the multiple roof areas and balconies along with concrete repairs and decorations to all previously painted surfaces

The Scheme was logistically challenging due to the central location and available space, coordinating with the client we were able to limit our site set up requirements and allow maximum usage of the court yard areas for residents during the works.

Our site manager ensured that banksman were available while carrying out works above entrance doors allowing works to be carried out safely and putting no third parties at risk
